### CHAIRPERSON REVIEW REPORT

Dear Shareholders

On the end of half year of financial year 2018-19, I welcome you. As stakeholders in Khairpur Sugar Mills Limited, where you have invested your capital in facilitating us to create a valuable product and we express our gratitude in the trust you have endowed on us.

The last six months oct. 2018 to march 2019 was very challenging for sugar industry where at one side industry was struggling for sugar cane and due to unavailability of sugarcane almost all mills stop crushing by the mid of March 2019 and on the other hand sugarcane procurement cost are quite high due to short availability of sugar cane further markup cost also increased substantially due to increase in kibor rates by State Bank of Pakistan. However, the board and the management of your company are well aware of the challenges and trying their level best to overcome these challenges in effective and efficient manner.

Your Board is responsible for setting up the right tone from the top and ensuring that a strong governance structure is in place to enable the business to succeed and deliver long term sustainable growth. Your board follows strict measure to ensure it evaluates your directors and the value they add to your board.

I firmly believe that our business is well placed for the competitive future. I take this opportunity to thanks our shareholders, employee, financial institution and all other stakeholders for their continued support and contribution in making company a success story.

Qamar Mubeen Jumani

The crushing season 2018-19 started on 26<sup>th</sup> November 2018 & closed on 17<sup>th</sup> March 2019 and thus up to the end of this quarter (ended on 31 March 2019) 663,364.694 M.T Sugar-cane has been crushed translating into 68,714.00 M.T of white Sugar with an average recovery of 10.358 % in 112 days, as compared to crushing of 699,489.071 M.T Sugar-cane and producing 72,170 M.T of Sugar with average recovery of 10.417 % in 123 days in corresponding period of last year/season 2017-18.

The Government of Sindh (Agriculture, Supply & Prices Department) on December 07, 2018 issued notification for commencement date of sugarcane crushing season 2018-19 with effect from 30<sup>th</sup> November 2018 and fixing the minimum support price of sugar-cane at Rs.182/= plus Quality Premium for crushing season 2018-19. The sugar production cost on said rate of sugar-cane works out to Rs.66 per kg. The price of sugar-cane is linked to the price of Sugar. It was not justified in relation to the prevailing sugar price both in domestic and international markets. Our Mill with other sugar mills filed a petition before Hon'ble High Court of Sindh challenging the said notification of Government of Sindh fixing the minimum price of sugar-cane for crushing season 2018/2019 as totally arbitrary and unjustified and would result an economic disaster for the Sugar Industry. In compliance of the Order dated 05.03.2019 passed by the Honorable High Court of Sindh in CP No. 8591/2018, The Government of Sindh (Agriculture Supply & Prices Department) issued notification No. 8(142)S.O(Ext)2018-19/336 dated 02-05-2019 fixing the minimum price of sugarcane at Rs.182/= per 40 kg. (Mds.) plus quality premium at fifty paisa per 40 kg. (Mds.) for each 0.1 % of excess sucrose recovery above 8.7 %. During current season (2018-19), in Sindh sugarcane production saw a decline of 30-35percentage. The sowing of sugar cane was lower compared to last year levels. On the other hand FBR has imposed 8 % sales tax and 3 % further tax on white sugar calculated on the basis of Rs.60 per kg whereas sugar is being sold at ex-mill of not more than Rs.53-54 per kg. Considering surplus stock in the country, the Federal Government (ECC - Economic Coordination Committee of the Cabinet) has allowed export of sugar with "no freight or financial support to millers/exporters by the Federal/Provincial Government" and "those Mills will be allowed to export who have cleared outstanding dues of farmers for sugar-cane crop up to 2017-18". Apart from this, due to depress price of sugar in international market the export of sugar could not be materialized.

In the end, I would like to place on record the sincere efforts and hard work put up by workers, staff and officers of the company.

Management is responsible for the preparation and presentation of this interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements is not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for the interim financial reporting.

## Other matter

The figures of the condensed statement of profit or loss and other comprehensive income for the quarters ended March 31, 2019 and 2018 have not been reviewed as we are required to review only the cumulative figures for the six months period ended March 31, 2019.
